WHITE SANDS
HOTEL & SPA

A warm welcome is waiting for you in Cape Verde

A beach lover's paradise, where the sun always shines and the people welcome you with a warm smile every time. It has to be Cape Verde.

Situated in the Atlantic Ocean off the west coast of Africa and just one hour south of the Canaries, Cape Verde is a tropical archipelago consisting of ten islands and five islets. It's an idyllic location with endless sunshine cooled by gentle sea breezes and year round temperatures of around 25°C to 30°C.

What's more, Cape Verde boasts some of the best beaches in the world, famed for its pure white sand and crystal clear waters. It is a true beach lover's paradise and one that can rival any holiday destination in the world.

Cape Verde provides the perfect holiday blend of endless sunshine, magnificent beaches and a naturally laid back ambience, resulting in a meteoric rise in tourism over recent years.

Tourism numbers have increased 115%* since 2000, and with high demand for quality accommodation outstripping current levels of supply, this trend is set to continue for many years to come.

Therefore, with its year round climate and thriving tourism market, Cape Verde delivers the perfect economic and environmental conditions for a rewarding property investment.

The warm turquoise waters around Boa Vista's varied coastline are renowned for a colourful array of tropical marine life. It is also one of only two breeding sites for humpback whales in the North Atlantic as well as a haven for many species of dolphins. A whale and dolphin spotting tour is just one of the many enchanting experiences to be discovered in Boa Vista.

Discover the beautiful and enchanting Island of Boa Vista

With outstanding beaches and a culture that blends African and Portuguese influences, Boa Vista is now officially on the map as an emerging destination for an unforgettable sunshine holiday.

Boa Vista is the most eastern Island in Cape Verde. Mainly flat with a few mountainous areas, the Island is renowned for its spectacular sand dunes and stunning beaches. It is the third largest Island in the archipelago and yet the least densely populated, creating a rustic and undiscovered vibe.

Sal Rei is the capital and home to the international airport, which opened in 2007. It is a shining example of a traditional Cape Verdean town and as you leisurely wander around the main square, you get a real sense of Cape Verde's captivating fusion of cultures.

The cobbled streets boast an abundance of cafes, local restaurants and bars nestled amongst a charming patchwork of multi coloured buildings.

The tourism success of Cape Verde has, until recently, been driven by increasing visitor numbers on the neighbouring Island of Sal. Boa Vista has remained a well-kept secret during that time; a place for the discerning and pioneering tourist.

However, more and more people are choosing Boa Vista, thanks largely to the 55 kilometres of unspoilt beaches. The Cape Verde Government has earmarked Boa Vista for major touristic development, approving plans for new hotels and resorts, as well as investing in the Island's infrastructure, such as new roads, improved power supplies and desalination plants.

All of which means Boa Vista is set to become one of the world's next property hotspots and the reasons are simple: stunning beaches, year-round sunshine and increasing numbers of direct flights from the UK and many European cities.

The Spectacular Santa Monica Beach

Santa Monica is an undiscovered paradise and one of the most exciting beach-front resort locations in the world.

Beach lovers are spoilt for choice on Boa Vista. There is a total of over 55 kilometres of beaches and each one offers something different. Choose from water sports and kite surfing, to snorkelling and turtle watching, you will find it all. What's more, you are virtually guaranteed your own private piece of sunbathing bliss.

However, it is the show-stopping, awe-inspiring beach of Santa Monica that is the jewel in the crown. It has the purest white sand imaginable and its sheltered position in the southwest makes it ideal for sunbathing and swimming.

Santa Monica takes its name from the Los Angeles beach that it resembles. Its namesake on Boa Vista is equally renowned for its pristine white sand, and is considered to be one of the finest pieces of development land anywhere in the world.

As the Island's most prized asset, planned development will play a key role in the future prosperity of Boa Vista. Fully endorsed by The Cape Verdean Government, Santa Monica Beach is the spectacular location for six new developments planned by The Resort Group PLC.

The master plan will incorporate an impressive marina, developed in partnership with some of the world's leading hotel brands. This will transform Santa Monica into a truly exclusive and unparalleled beach destination, whilst preserving the Island's unique and unexplored edge.

It will also meet the growing demand for high quality accommodation on the Island and capitalise on the continuing growth in tourism to create an exceptional property investment opportunity.

The Portuguese meaning of Boa Vista is 'good view' and this is certainly true of White Sands Hotel & Spa. The naturally sloping topography of the land provides almost every property with a spectacular panoramic sea view. The lavish range of properties include suites with swim-up pools and hot tubs, penthouse and duplex style for larger and more flexible accommodation, as well as a selection of exclusive villas with private plunge pools.

A rewarding range of ownership options

Purchasing one of our luxurious 5-star resort properties opens up a world of options, rewards and ownership benefits.

All of our apartments, rooms, suites and villas are sold on a freehold basis, individually registered under separate legal title which means you own the unencumbered title to your property.

Therefore, you decide how your property is managed and how it works for you as an investment. Whether you decide to retain the property for private family use, rent the property independently via a letting agent or sign up to our Hotel Managed Rental Program, the choice is entirely yours.

A lifestyle purchase

A luxurious holiday home in the sun is part of most people's dream lifestyle and you may decide to keep yours to yourself. If you do decide to buy as a lifestyle choice, then you can still benefit and experience all the luxurious facilities including access to communal areas, the resort pools and lounge areas.

You will also be able to enjoy the many bars and restaurants on a pay as you go basis, or indulge in an all-inclusive wristband during your stay at an extra cost. Access to the wireless network is complimentary and housekeeping is also available at an extra charge.

It will be your piece of paradise; a luxurious property with all the 5-star services you would expect from a world renowned hotel brand.

Independent Rental Purchase

Many of our clients like to self-manage their properties, either fully independently by renting it to their network of family and friends, or listing their property online with an independent rental company.

This combines the lifestyle benefits of a holiday home in the sun with additional rental income.

It may also benefit those looking for more personal usage than the standard 5 weeks per year offered within the Hotel Rental Program. It means you retain control of how your property is managed, setting the rental rate per week, and when it is available for paying guests.

The same benefits that you enjoy at the Resort will be available to your rental guests, as well as the option for purchasing additional extras such as the all-inclusive wristbands, spa treatments and house-keeping.

We've teamed up with some of the most reputable letting agents who can assist you in renting out your new property.

The Hotel Managed Program

All of our resorts offer investors an opportunity for consistent, sustained and equitable rental returns via the Hotel Managed Program.

All property owners have the option to join the Hotel Managed Program. Everything is taken care of on your behalf and you will receive a share of the revenue derived from the touristic exploitation of your property. To top it all off, you'll be entitled to holiday in your property for up to 5 weeks per year*.

Some may say you've got the best of both worlds!

If you decide to place your property within the managed scheme, it will be marketed to millions of holiday makers throughout the world, maximising the opportunity for year round rental income.

Meliá Hotels International, the largest resort operator in the world, has an unrivalled reputation for delivering a world-class guest experience as well as lucrative commercial partnerships in place with global tour operators and travel agencies. Our unique, hassle-free, hotel managed program has been proven to deliver consistent rental returns for owners, as well as the opportunity for excellent capital growth.

You can join the program on a flexible rolling one-year contract, providing you with day-to-day management control should your circumstances change or you decide to take up a different rental opportunity in the future.

From a developer that keeps its promises

The Resort Group PLC is the premier developer of hotels in Cape Verde, delivering 5-star luxury and quality returns to property owners.

White Sands Hotel & Spa is the first of six planned developments on Boa Vista by The Resort Group PLC.

Having already delivered award-winning resorts on Sal Island, we have the right credentials and experience to capitalise on the investment potential of Boa Vista.

Our track record and ability to deliver the very highest quality is unrivalled in the industry. Much of our continued success is due to our prudent approach of never spreading ourselves too thinly, a model that ensures investors can purchase with confidence. We also take responsibility for the entire development process from start to finish.

This philosophy extends beyond the construction phase. Once the resort is open, our skilled and experienced leisure team work closely alongside the hotel operator to ensure the highest standards are continually delivered.

We have considerable experience that is further enhanced by strong strategic partnerships, from world renowned hoteliers to global construction firms and leading financial institutions.

It is our ability to demonstrate strong financial results, profitability and sound corporate governance that really sets us apart from the competition. Every box is ticked and that means our clients get exactly what they were promised; a world-class resort and a first-class return.

THE
RESORT
GROUP
PLC

The Resort Group PLC Model

The development journey begins with comprehensive research to identify a viable emerging market. Then, following a process of strict due diligence, prime development land will be secured.

Award winning architects begin work on designing a truly stunning master plan, and only after receiving the necessary planning approval and legal permits, is the project made available for off-plan property sales.

Our pioneering architectural design creates inspirational properties of the highest build quality, with beautifully designed interiors using the finest furnishings, fixtures and premium appliances.

An established distribution network of sales and marketing agents then deliver the necessary sales and deposit revenue for the construction phase to be completed without the possibility of delays caused by limited cash flow.

Throughout the entire process we promise to keep purchasers informed every step of the way, ensuring that our clients remain at the heart of everything we do.

Successful developments by The Resort Group PLC

With a proven track record, The Resort Group PLC are the developer you can trust to deliver on its promises.

Other delivered projects by The Resort Group PLC include the award-winning MELIÁ Tortuga Beach Resort, our first development to be completed on Sal Island. Having opened in May 2011, MELIÁ Tortuga Beach Resort is managed by Meliá Hotels International, the world's largest Resort-based hotelier.

In addition, our other Sal Island Resorts include MELIÁ Dunas Beach Resort & Spa and the Sol Dunas which opened in 2014, and the MELIÁ Llana Beach Resort & Spa and Sensimar Cabo Verde, which first welcomed guests in December 2016.

Resort occupancy remains strong across our developments, driven in part by Meliá's vast network of tour operators and travel agents. This has resulted in consistent and sustainable rental yield payments to property owners.

All five 5-star Resorts, along with our newly opened beach club Bikini Beach, create a spectacular beach-front destination on Sal Island which will attract holidaymakers from around the world for many years to come.

The Resort Group PLC now plan to repeat this model of success on Boa Vista, a strategy that will continue to benefit property owners with long-term growth potential and consistent rental revenue.

The image shows the entrance of a Meliá hotel at night. The entrance is a covered walkway supported by several white, square columns. The roof of the walkway is illuminated with a warm, yellow light. Above the columns, the word "MELIÁ" is written in large, white, illuminated letters. The background is dark, with some palm fronds visible at the top. The overall atmosphere is elegant and modern.
